Financial Preparation: Budget and Payment Worksheet

STEP 1: Understanding Your Program Costs and Payment Due Dates

Using the study abroad handbook or orientation guide, please fill in the blanks below.

	Amount	Includes	Final Payment Due
Estimated Cost Paid to UWEC			
Estimated Cost Paid to Host Institution			
Other Estimated Costs to Anticipate			
Total Estimated Program Cost			

STEP 2: Determining the Grand Total

Transfer to the "Total Estimated Cost" from the chart in Step 1 to the chart in Step 2. Add what you plan to spend on travel and souvenirs. Sometimes your travel and souvenirs budget is dictated by the money you have; other times it is dictated by what you want to do and see. Only you can determine what you want to spend in this area. These two categories will equal the "Grand Total" that you will need for your semester abroad.

Total Estimated Program Cost	
Travel & Souvenir Budget	
Grand Total	

STEP 3- Where is the money coming from?

Transfer the "Grand Total" line from Step 2 to Step 3. Based on your budget this is the total amount of money you are looking to spend while you are abroad. Use this chart to figure out how you will pay for your program costs and any additional travel that you plan to do. **If you are planning to use financial aid, please be aware that it does not cover personal travel and souvenirs**. Also, if you are using financial aid, do you know whether it will cover all your program costs? If not, please contact Melissa Vogler in the Financial Aid Office (836-3373).
