http://www.glifwc.org/
GLIFWC is an agency committed to the implementation of off-reservation treaty rights on behalf of its tribes. In addition to managing off-reservation resources, the agency also publishes print and multimedia materials that specifically cover treaty rights and issues and natural resource management. The agency also provides a variety of material about Ojibwe use of natural resources, and has some great resources for elementary school students.

II. Mass Media

News From Indian Country
http://indiancountrynews.net/
The print newspaper began on the Lac Courte Oreille reservation in 1986 to cover local Indian Country news. The bi-weekly paper now has a national readership and a vigorous on-line presence. It recently added IndianCountry TV to its website.

IndianCountryTV.com
IndianCountryTV.com has four live-feed channels accessible by anyone on the web: Native News Channel, IndianCountry TV Features Channel, Lac Courte Oreille/Great Lakes Regional TV channel, and PowwowTV Channel. This is a very good source for contemporary information and powwow videos. Note: there is a short commercial before many of the clips. To see the channel’s library, go to the Menu and “Browse On-Demand Library.”
