**FOUNDATIONAL GOAL: TRANSFORM LEARNING**

**Learning Goals**

1. **Foster Purposeful Learning**
   Reaffirm the centrality of liberal education; create structures and practices to support the development of purposeful, strategic educators; reinvent General Education; and create a richly integrated campus and beyond-campus experience for purposeful learners who see themselves as standing on the threshold of great change.

2. **Promote Connected Learning**
   Expand experiential learning opportunities; promote learning that connects and transcends disciplines and connects the university and community; and recruit and retain diverse students, faculty, and staff.

3. **Accelerate Global Learning**
   Make possible an international or multicultural immersion experience for all students, diversify and internationalize the campus and curriculum, and expand international student enrollment.

**FOUNDATIONAL GOAL: TRANSFORM THE UNIVERSITY**

**Resource Goals**

4. **Nurture Human Resources**
   Commit to a shared culture of respecting work and life balance; re-engineer institutional operations; and develop innovative approaches to creating and reallocating positions.

5. **Amplify Financial Resources**
   Align budgeting and planning processes, and develop resource growth strategies.

6. **Focus Programmatic Resources**
   Conduct a comprehensive program and services review to strengthen liberal education and concentrate resources on our priorities; create academic and divisional plans; and strategically expand select graduate and other self-supported programs that meet regional needs.

7. **Steward Physical Resources**
   Explore partnerships for new facilities; create a comprehensive facilities plan; and commit campuswide to sustainable operations and practices.
