Leadership

FOUNDATIONAL GOAL: TRANSFORM LEARNING

Learning Goals

1. Foster Purposeful Learning

Reaffirm the centrality of liberal education; create structures and practices to support the development of purposeful, strategic educators; reinvent General Education; and create a richly integrated campus and beyond-campus experience for purposeful learners who see themselves as standing on the threshold of great change.

2. Promote Connected Learning

Expand experiential learning opportunities; promote learning that connects and transcends disciplines and connects the university and community; and recruit and retain diverse students, faculty, and staff.

3. Accelerate Global Learning

Make possible an international or multicultural immersion experience for all students, diversify and internationalize the campus and curriculum, and expand international student enrollment.

FOUNDATIONAL GOAL: TRANSFORM THE UNIVERSITY

Resource Goals

4. Nurture Human Resources

Commit to a shared culture of respecting work and life balance; re-engineer institutional operations; and develop innovative approaches to creating and reallocating positions.

5. Amplify Financial Resources

Align budgeting and planning processes, and develop resource growth strategies.

6. Focus Programmatic Resources

Conduct a comprehensive program and services review to strengthen liberal education and concentrate resources on our priorities; create academic and divisional plans; and strategically expand select graduate and other self-supported programs that meet regional needs.

7. Steward Physical Resources

Explore partnerships for new facilities; create a comprehensive facilities plan; and commit campuswide to sustainable operations and practices.
