It is hard to believe it’s already October! It has been a pleasure getting to know you and your children. I love getting to know their little individual personalities. Each of them is unique!

You will start to notice that I will hang up a lesson plan outside my door to let you know what we will be working on each week. Don’t worry; it is nothing out of the ordinary! I will pick a theme and some of the things we do will revolve around that theme. Some of the things we will work on will be fine motor, gross motor, sensory, and even a little art project (for those 6 months and older).

I would like to start adding baby massage to our plans for the week. I will be asking you to sign a permission slip allowing me to apply the lotion. I will provide a lotion scented with lavender. If you wish, you may supply your own lotion.

Just a reminder to keep sending those jackets and hats! You never know what the Wisconsin weather will bring! We love going for walks as much as possible when the weather cooperates.

This month we will have some special days to take note of. The first date is Wed, Oct 5th. It is PICTURE DAY! They will be here at 8:30 AM and ready to take pictures. You do not have to have pictures taken, but there will be a group shot taken. Also if you are not scheduled to come on Wed, but would like your child photographed you may also come just for pictures. Friday, Oct 7th will be Green & Gold Day. Please wear your favorite Green Bay Packer shirt or outfit or just wear green or yellow. Tuesday October 18th we will have PAJAMA DAY! No need to get dressed for the day....Just bring the children with their jammies on! Lastly, on Monday Oct 31st we will have an ANIMAL COSTUME DAY! You may send your child dressed as an animal. Please make sure the costume will not interfere with daily activity such as diaper changing, mealtime, and napping.

As always if you have any questions or concerns, please feel free to contact me either by phone here at the Chapel Heights Center 715-836-3223 8:30-5PM or by way of email at nettelkm@uwec.edu.

Have a fabulous October!

Miss Kim
