This project was undertaken with several specific goals in mind. Our purposes were as follows:

1) To provide the students in BASSically BRASS with a "real world" recording studio experience.
2) To provide a tool for the University of Wisconsin – Eau Claire Alumni Association to use for alumni and community relations.
3) To honor individuals who have supported BASSically BRASS and the euphonium/tuba studio artistically and financially, specifically:
   - Ronald C. Knoener (composer/arranger)
   - Rodger D. Vaughan (composer/arranger)
   - Bruce Larson (philanthropist)
   - Robert Heck (philanthropist)

The compact disc, consisting of holiday favorites, was distributed to alumni, friends of the university, and community members.
