INTRODUCTION
The Sport Clubs Program is organized and administered by University Recreation and Sport Facilities. The focus of the Sport Clubs Program blends the aspect of learning new skills, practicing with fellow participants, and competing with other sport clubs.

DEFINITION OF SPORT CLUB
A sport club is a recognized University student organization that has been formed by individuals motivated by a common interest and desire to participate in a favorite activity. The club exists to promote and develop interest in that activity. Its members learn new skills, refine existing skills, engage in competition, and enjoy the recreational and social fellowship of that activity.

FUNDING
The Sport Clubs Program is partially funded from segregated fees and each club is allocated a budget based on their budget presentation, needs, and the Sport Clubs program budget. The majority of the club's budget is derived from dues, donations and fundraising.

INSURANCE
University Recreation and Sport Facilities and UWEC do not provide accident insurance for club members and cannot be held responsible for injuries incurred through an individual’s voluntary participation in sport club activities. University Recreation and Sport Facilities strongly recommends that all club members have a personal medical insurance plan in effect during the period of club related activities.
