Greetings from UW-Eau Claire’s Gender & Sexuality Resource Center (gsrc@uwec.edu)!

It appears you have expressed interest in learning more about our gender inclusive housing options. We are here to help!

Currently, you have a handful of options for gender inclusive housing:

- **Chancellor’s Hall**
  - This on-campus residence hall (located on upper campus) offers suite-style rooms, and you are able to assemble any combination of residents (of all genders) within those rooms.

- **Haymarket Landing**
  - This newly opened off-campus residence hall (located in downtown Eau Claire) offers apartment-style gender inclusive housing.

- **Aspenson-Mogensen Hall**
  - This newly opened off-campus residence hall (located on Water Street, across from the Haas Fine Arts building on lower campus) offers apartment-style gender inclusive housing.

Coming Soon!

UW-Eau Claire is committed to providing safe and inclusive housing on campus, and we are in the midst of expanding our capabilities of doing just that! Towers Hall is under major renovation, and, when completed, both the North and South Towers will have all gender restrooms on every floor! This important change will provide ample opportunity for gender inclusive housing in our largest residence hall.

Additionally, construction will soon begin on a new residence hall, and it, too, will have all gender restrooms on every floor. More details about this new construction will be forthcoming!

Any and all questions about requesting gender inclusive housing can be answered by Katy Braunsky, our Assistant Director for Leadership and Education. She is happy to receive your calls and can’t wait to meet you!

**KATY BRAUNSKY**
