Upcoming Events

Seymour’s Sustainable LIFESTYLE TIPS:

SAVING

- PURCHASE CFL OR LED LIGHTING

ENERGY

- USE A PROGRAMMABLE THERMOSTAT
- WASH YOUR CLOTHES IN COLD WATER
- UNPLUG YOUR APPLIANCES OR USE A POWER STRIP (DUE TO GHOST CURRENTS)
- TURN OFF THE LIGHTS OR USE NATURAL LIGHTING

Monday, December 7th & Tuesday, December 8th at 7:00 P.M. in the Woodland Theater. Student Tickets are SOLD OUT!
Program Summary

Programs Ended For the Year include:

- Compost Pickup and
- SCORE

Report

Compost Pickup this year started on June 1st and ended on November 2nd. There were eight different student and one faculty member participants in the program this year. Throughout the five month process the program was able to collect approximately 115 gallons of compost. Buckets will be available for a $10 fee at the end of April and Early May for next years Compost Pickup.

The SCORE program has had over 40 audits completed over the last year which is in line with the goal we set with Xcel Energy the sponsor of the program. There will be more opportunities for you to get your home energy audit done starting again Spring semester 2016. There will be a full report in next months newsletter.

<tr>
<td>Storage</td>
<td>Garlic, Onion, Parsnips, Potatoes, Rutabagas, Turnips,</td>
</tr>
</tbody>
</table>

While some produce is no longer in season by the end of fall, many hearty root vegetables and other produce are stored easily through winter months and can effectively be considered “seasonal.”
WAYS TO GET INVOLVED

• Come to SOS meetings to voice your concerns. Every Week on Fridays at 10am in the Little Niagara room
• Sign up for programs like Bike leasing, Score, and Compost Pickup
• Come to the BANFF Film Festival
• Avoid using plastic bottles.
• Start preparing for Earth day because Earth day is everyday.

The SOS provides funding for projects that reduce UW-Eau Claire's negative impact on the environment and make UW-Eau Claire a more sustainable campus. The SOS allocates funding to projects addressing the various sustainability areas of transportation, energy, waste, climate change, food systems, campus ecology, environmental ethics, and outreach.

Structure of SOS:
SOS leadership consists of one student director and three student interns.

Director:
Maria Delgado Gomez
sos@uwec.edu

Events intern:
Meaghan Mulhern
Communications intern:
Alexander Hart-Thomas
Management intern:
Eric Amundson

The SOS also employs Eco-Reps to work under the management intern on various sustainability projects and programs. The SOS also holds up to eleven board member positions including up to six student senators and up to two student director positions.

STUDENT OFFICE OF SUSTAINABILITY
MEETINGS:
Fridays, 10am in Little Niagra
