The Associate Deans Committee, comprised of Associate Deans and Associate Directors from both Academic and Student Affairs, recommends the following changes to the language referencing cross-listed courses in the undergraduate catalog. Specifically, the Associate Deans group requests that the second paragraph (below) be deleted.

---

2013-2014 Undergraduate Catalog – page 48

CROSS-LISTED COURSES

Courses are cross-listed when the curriculum is interdisciplinary in nature and the course is offered through multiple departments. That is, two course listings identify the same courses. The listings will have identical numbers—only the course prefix varies.

Students may not register for both cross-listed courses in the same term. Students must register for the same curricular area both times if/when repeating a course for grade replacement (e.g., if the course was originally taken as POLS 351, it must be repeated as POLS 351 for the grade to automatically replace the original grade).

Some certifications, licensures, and programs may require a specific number of credits from certain curricular disciplines. Therefore, students should review program constraints before enrolling for cross-listed courses.

---

The language regarding registration in cross-listed courses was part of the original policy due to the Legacy system. In Legacy, in order to be processed as a repeat, the student had to register for the same curricular area both times. However CampS recognizes cross-listed course for what they truly are – two course listings identifying the same course. Because CampS now recognizes cross-listed courses in this way, students are also prevented from “double-enrolling” in the same class in the same term, making the first sentence of the paragraph unnecessary. For these reasons, the deleted section of the policy is no longer required.
