University of Wisconsin Eau Claire University Senate  
Payment Resolution

WHEREAS many Eau Claire faculty and staff are paid for nine months and not given an option to be paid in 12 installments; and

WHEREAS many Eau Claire faculty and staff must prepay their summer healthcare contributions resulting in four months’ worth of deductions being taken from one paycheck;

WHEREAS many Eau Claire faculty and staff have seen a significant increase in their healthcare contributions;

WHEREAS this increased contribution will substantially reduce the paycheck from which the summer prepay is taken and cause undue hardship;

BE IT THEREFORE RESOLVED that the University Senate of the University of Wisconsin Eau Claire respectfully requests UW-System develop a means for spreading out the summer prepayments across several paychecks by providing faculty and staff the option of dividing the payments for all nine month contracts into twelve equal payments.
