Brief History of Issue - why the issue is being considered:

We need to remove from catalog print-suppression a study abroad program that is no longer available. The consortium ISEP (International student Exchange Program) makes a number of study abroad program available to our students; they have closed this particular study abroad program recently, and so it needs to be removed from the catalog. The registrar’s office needs APC action in order to do so.

Points Discussed by Committee:

1. This action will remove from the university catalog a course that is no longer offered.
2. This program was run through the ISEP consortium (International Student Exchange Program). It was terminated by ISEP last year, and is no longer available to students.
3. APC action will allow the removal of this study abroad listing from the UWEC catalog.

Pros of Recommendation:

1. Removal would prevent student confusion
2. Removal would help Registrar’s Office keep their system clean

Cons of Recommendation:

None

Technology/Human Resource Impact:
