

My Ideal Job

Work I have fantasized doing.

What really interests me.

The life-style I'd like to live.

The kinds of skills I'd like to use.

The kind of environment in which I'd like to work.

The kinds of people with which I'd like to work.

My work values which must be met.

The geographic location in which I'd like to live.

The salary which I need.
