

Experience the satisfaction of a job well done that brings welcome comfort to your patients.

Enhance your skills in a highly sought-after area of nursing care.

2010 DATES:
Thursdays and Fridays
FEBRUARY 18-19
JUNE 17-18
OCTOBER 21-22
Eau Claire, Wisconsin
\$499

To register, call
(715) 836-3636 or
toll free 866-893-2423

5 GOOD REASONS TO TAKE THIS COURSE:

Recession-proof your career.

Our aging population and the diabetes epidemic have dramatically increased the demand for professional foot and nail care services.

Advance your skills from basic to intermediate foot and nail care.

While nursing education programs typically include instruction on very basic care only, our program offers more advanced training.

Explore independent nursing practice in foot and nail care.

Like the idea of owning your own business? There is a growing shortage of skilled nurse providers who can offer intermediate or advanced foot and nail assessment and treatment.

After completing this course, you'll be eligible to take the certification exam.

Certification in foot and nail care is available through the Wound, Ostomy & Continence Nursing Certification Board (WOCNCB).

This course is one of the few offered nationwide that includes both classroom instruction and a supervised clinical practicum.

Register early – courses fill quickly. We limit class enrollment to 30 to ensure an optimal learning experience.

Foot and Nail Care EDUCATION FOR NURSES

Course updated for 2010!

This course qualifies nurses to take the national Certification in Foot and Nail Care exam.

THURSDAYS AND FRIDAYS

2010

FEBRUARY 18-19

JUNE 17-18

OCTOBER 21-22

EAU CLAIRE, WISCONSIN

Instructor: Tara L. Beuscher
 MSN, RN, CS, CWOCN, APNP
 Marshfield Clinic-Lakeland Center, Minocqua, Wisconsin

"This was a well organized program and had wonderful opportunities to use and practice skills in a supervised setting. I would recommend to others."

"Tara teaches the course in a nonthreatening, approachable manner. She invites participation."

"I can't wait to apply the knowledge I learned in my community!"

"I have always done some foot and nail care in my nursing career but now I feel empowered to dive into the more complex cases."

2008 ATTENDEE COMMENTS

Tara Beuscher brings a wealth of teaching and clinical experience in foot and nail care to this course. She draws upon her work experience in clinic, hospital, home care and long term care settings, and her extensive training in foot care, pain management, wound, ostomy, continence, and gerontology services. She has taught the Foot and Nail Care: Education for Nurses course in Eau Claire for over ten years.

Tara is a renowned national speaker on foot and nail care and has served in various leadership positions within professional organizations. She was a member of the foot care nursing advisory committee that established the content outline for WOCNCB's Foot and Nail Care Certification Examination. Tara's publications include a chapter on foot and nail care in *Acute and Chronic Wounds: Current Management Concepts; 3rd Edition, 2007*, published by Mosby/Elsevier and edited by Ruth A. Bryant and Denise P. Nix. She was a recipient of the 1997 Wisconsin Nurses Association Nursing Practice Award that recognizes the recipient's contributions to innovations in patient care, service as a role model for nursing practice, commitment to the practice of professional nursing and utilization and dissemination of research in practice.

Who Should Attend?

Registered nurses who work with elderly or disabled populations in the community or any clinical setting.*

Past participants have included:

- nurse practitioners
- wound and ostomy care specialists
- diabetes educators
- nurses employed in:
 - home health/hospice | parish | corrections | tribal health | community-based elderly services | long term care | transitional care settings
- nurse entrepreneurs interested in creating their own foot and nail care businesses

***Proof of current licensure is required prior to the start of the program.** Participants must be licensed RNs. LPNs may be eligible to register if they will be providing foot and nail care under the direct supervision of a registered nurse, or are licensed in a state that includes intermediate level foot and nail care within the LPN's scope of practice.

Purpose:

To provide registered nurses with a foundation of knowledge and to help them advance their foot and nail care skills to an intermediate level.

Objectives:

- Identify the components of a comprehensive lower extremity assessment.
- Identify selected conditions of the skin and nails.
- Describe appropriate patient teaching content and methods.
- Discuss issues related to foot and nail care as an independent nursing practice.
- Demonstrate basic and intermediate level foot and nail care in a supervised clinical setting.
