

PUBLIC NOTICE
University of Wisconsin—Eau Claire
Bollinger Field Parking Lot and Lighting
Eau Claire, Wisconsin

The University of Wisconsin—Eau Claire (UW-Eau Claire) proposes to construct a 102 stall parking lot, a storm water treatment pond, and sidewalks, lighting and field drainage work on the campus at UW-Eau Claire. All work will occur within the approved campus boundary and will serve Bollinger Field, which is bounded by Mac Arthur Ave. on the north, Stein Blvd. on the east, and Hamilton Ave. on the south. Lighting will be installed in the parking lot and along the new sidewalks.

The University has made a preliminary determination that an Environmental Impact Statement will not be required for this action. Copies of the Environmental Impact Assessment that led to this preliminary determination can be obtained from:

Mr. Steve Horner, Director of Facilities Planning
