

3 February 2003

Hello to you all!

I hope everyone has a great beginning to this spring semester. Here is the latest from NBA!

Meetings will continue to be held on Thursday evenings at 8:00 in room 159. This Thursday there will be no meeting, but a fun evening of bowling! We will meet in the hallway by the bandroom at 8:00pm to head up to Hilltop to bowl. For those of you living on campus, you can just meet us at the bowling alley in Hilltop. You are more than welcome to bring friends, especially people who you think would be interested in joining NBA! Please email me back if you plan on attending (and if you will be bring a friend) and where you will meet us.

Our next meeting will be held next Thursday, January 13 at 8:00pm in room 159. Pat Hull we be coming to discuss recording technology and software that is out there. We hope to see you all there.

If anyone has had experience putting a website together, we need your help. Even if you haven't had experience in this area and would like to learn how, we can use your help as well! We would like to get a website up and running for our NBA chapter. If you are at all interested, please let one of the officers know.

If you are a student teacher this semester, please email me the schedule of your concerts so we can come and support our local band programs!

This semester we are planning on doing a service project each month. The project might include going to area schools for sectionals, going to see a concert, or playing at nursing homes. If you have any other ideas, please let me know.

I hope you all have a great week. We will see you all on Thursday for an evening of bowling! If you have any questions, please let one of the officers know.

Amy Jean McFarlane
NBA-CC Secretary
