Hi Everyone!

I don't know if you remember, but you signed up to be on the social committee last semester during the first NBA meeting! **Anyways**, its a brand new semester, and we have some brand new events to plan!

First, on St. Patrick's Day (or at least close to) we'll have a green scavenger hunt at Walmart! As the date comes closer, I'll need someone to go with me to Walmart to pick out what everyone will be hunting for. It's actually a lot of fun to create, and it doesn't take very long. So, let me know if you'd be interested in helping (I'll do my best to find us a ride).

Second, on May 11 we'll be **having another** social-event. Right now, its listed as a progressive dinner, but I'm open to new ideas! If you have any brilliant ideas for a social event, let me know! It'd be fun to do something new this semester.

That's about it! I hope to hear from you guys!
