Comprehensive Major, Chemistry A.C.S. Materials Science Emphasis (Code 100-008)
FROM: Page 98 of the 2015-16 Undergraduate Catalog
TO: Chemistry students with an interest in the rapidly growing field of material science can obtain a basic materials background with a strong foundation in chemistry. This could be especially useful for students interested in graduate work or employment in materials or polymer chemistry.

Requirements
In addition to the Chemistry Core and required Mathematics/Physics courses, students must complete the following course work:

- CHEM 352 Fundamentals of Biochemistry 4
- CHEM 433 and 434 Physical Chemistry I and II 8
- MSE 221 Materials World 3
- MSE 256 Introduction to Computer Aided Design 1
- MSE 315 Materials Characterization 4
- CHEM 420 Advanced Synthesis Laboratory 2
- MSCI 484/485 Capstone I and II 3
