

Distance Education Courses

"Distance education" refers to any course in which the instructor is at a physical distance from the students over half the time. The course may be delivered via computer (online), audio-conferencing, two-way video, or other means. Online course registration must be completed three weeks before the start of the course. See course listing for exact date. All students enrolled in an online course must abide by the drop, withdraw deadlines for the term whether or not they have logged on to the course.

The courses listed below are those that are available through UW-Eau Claire. Some are taught by UWEC instructors and are being sent to a variety of locations; some are taught by instructors from other institutions via technology. Be sure to note the "Held at: (location)" to the left following course listings.

The courses may originate here or from another institution, but you register in any of them as a UW-Eau Claire student, and they will automatically be part of your UW-Eau Claire transcript.

Additional fees may be assessed on some courses to cover distance education costs. Please review your e-mailed billing statement.

Pigeon Lake Field Station

The Pigeon Lake Field Station, operated under the

auspices of the Pigeon Lake Field Station Consortium of the UW System and the UW-River Falls, includes 50 acres in the heart of the Chequamegon National Forest, 150 miles north of UW-Eau Claire. Its 16 cabins, dining hall, recreation hall, and five well-equipped classrooms accommodate up to 90 students. Through the cooperation of the U.S. Forest service, field station programs have access to 825,000 acres of the Chequamegon National Forest, where many lakes, bogs, and ponds offer a diversity of flora and fauna for study. For more specific information, contact Dr. Paula Kleintjes, Department of Biology at (715)836-4166 or e-mail: kleintpk@uwec.edu.

Collaborative Nursing (CND)

Internet-based Collaborative Nursing Courses:

Our online/web courses require home access to the Internet and multimedia. This means a computer capable of displaying color and playing sound. More specifically, it means a computer with enough system memory (32 megabytes RAM or more), and a processor fast enough to play movie files. In addition, the hard drive needs to be large enough to save these files if need be. A modem is an essential component if you are taking these courses from home. A further description of computer requirements can be found at <http://ext6.uwex.edu/cnp/cnp.html>
