Paula needs this information by the 28th, so it is important that you inform Stephanie by noon so she can send this information on to Paula.

What is Tidy Up the Town?

To reach out to the community, University Centers volunteer initiatives will host the eighth annual Tidy Up the Town. This is a chance for University students, faculty, and staff to come together (either with an organization or on their own) to assist elderly and physically challenged homeowners in the community. We will be raking leaves and providing other fall clean-up activities for primarily homebound elderly citizens in need of assistance with these tasks.

Why should you do this?

Tidy Up the Town will help the community develop a more positive attitude toward the members of the University of Wisconsin – Eau Claire. We need volunteers to help make this a success. There are many people in need of assistance in the Eau Claire community. The more people we can help, the larger the impact will be! (AND it will be fun ☺)

- Projects— Graduate/Professional Seminars → partnership with Golden Key—October Graduate School/Professional Fair? We are thinking that ODK might offer a prep session in the morning?
- General Meeting Time—To Be Determined.... A Doodle Survey will be sent out. Your response is required.

CLOSING

- Looking Ahead—Please begin brainstorming ideas for an ODK Social Event, and you have a homework assignment. TAKE THE CAMPUS CLIMATE SURVEY. It is your duty and right to share your opinion and you

can win some cool prizes (the Chancellor's parking space is not one of them, trust me... I checked.)
