

**FOX VALLEY PUBLIC HEALTH PREPAREDNESS COORDINATOR
CITY OF APPLETON**

This position within the Appleton Health Department will lead regional and local efforts to assess, develop, coordinate, and implement emergency plans, systems, and activities to increase readiness to respond to bioterrorism and other public health emergencies. A Bachelors degree in Public Health Planning, Health Education, Epidemiology, Environmental Health, Nursing, or closely related field, plus 3-5 years work experience in public health and/or emergency planning is required. Also, a valid driver's license and driving record that meets standards are needed. A Masters degree in Public Health or closely related field and prior management/supervision experience is preferred. This is a Grant supported position and is expected to be a full-time, temporary assignment. We offer a competitive wage plus an excellent fringe benefit package. Interested applicants should fax or send an application postmarked no later than Tuesday, September 12, 2006. Résumés without an application will not be considered. Applications are available in our office, via email, or may be retrieved from our website at www.appleton.org.
