### GE 5 – University Wide GE

<u>Zero to six credits:</u>
At this time there are no courses available at the UW Colleges that meet the requirements for this category.

## College of Nursing and Health Sciences Admission Requirements – Professional Program

**Formal application to the professional program must be made. Students must be admitted to UW-Eau Claire as a pre-nursing student before applying to the nursing program. Students are encouraged to apply during the semester in which 30 credits will be completed. The deadlines for filing applications to the College of Nursing and Health Sciences are December 1 and May 1 for both the Eau Claire campus and Marshfield site. In order to be considered for admission to the nursing program, one must have:**

- Been accepted as a pre-nursing student to the University in good standing.
- Completed at least 30 semester credits with a total cumulative grade point average (GPA) of at least 3.00
- Completed at least three required natural science courses, two of which are laboratory science courses, with a grade point average of at least 2.50.
- Earned a grade of C or above in all courses required for nursing.

- Completed all application materials (application form, essay) and submit a nonrefundable application fee.

Other data utilized by the Admissions Committee are derived from a variety of sources that include applications for admission to the University and the nursing program, high school transcript showing rank in class, previous collegiate records, and standardized tests such as ACT or SAT.

**The College may find it necessary to deny admission to a qualified applicant because of enrollment limits in the professional program. Depending on the number of qualified applicants, it is likely that the GPA required to be competitive for admission may be well above the 3.00 minimum cumulative GPA.**

Admitted students must submit evidence of CPR certification, required health information, criminal background check and nursing assistant certification.

This guide is designed to help prepare students from the UW Colleges transfer to UW-Eau Claire by identifying courses that will satisfy UWEC requirements. Please consult with the [UWEC catalogue](#) for the complete list of academic requirements.

It is also highly recommended that you work with UW College advisers in scheduling courses and planning your transfer. In addition to your current adviser, listed below are contacts at UWEC who can help answer additional academic questions.

#### **Nursing**

##### **Dr. Sheila Smith,**

Assistant Dean,  
Pre-Licensure Programs  
Nursing 127  
(715) 836-6012

##### **Marcia Backstrom**

Student Services Coordinator  
Nursing 127  
(715) 836-5515
