From: Pat Karlen, Chair, Commission on the Status of Women
Re: Personnel Structure Recommendation
Date: February 24, 2012

The UW-Eau Claire Commission on the Status of Women urges those working on the University Personnel Structures project to design a system that promotes women’s success in the campus workforce by prioritizing pay equity and supporting benefits such as flexible work arrangements (such as telecommuting, job sharing, flextime, etc.) and caregiver leave. Thank you.
