DONT’ FORGET!
APPLY FOR ASSISTANTSHIPS AND
FELLOWSHIPS BY MARCH 1

The priority deadline for applying for a Graduate Assistantship for the 2012-2013 academic year, and/or a Graduate Foundation Fellowship or Advanced Opportunity Program (AOP) fellowship for the 2012 Summer Session and the 2012-2013 academic year is March 1, 2012. Graduate assistantships and fellowships are not automatically renewable from one academic year to the next. You must reapply for subsequent years. Your application will be considered on a competitive basis. If you would like to use previously submitted letters of recommendation for the graduate assistantship application, you are allowed to do so, but please make this clear on your application.

The Application for Graduate Assistantship and/or Fellowship may be downloaded from the Admissions Web site. If you have any questions about the application process, please contact the Office of Graduate Studies.

Due to the new Federal Budget Agreement, effective with the 2012 Fall Semester, all Federal Direct Loans for graduate students will be unsubsidized; meaning, interest will start accumulating upon disbursement of the loan. The current interest rate is 6.8. Graduate students will still be eligible for the same total amount of loan, but it will be in unsubsidized loans.

The 2012 Summer Session will be your final opportunity to receive Subsidized Federal Direct Loans!
