University Senate Committee: Executive Committee

Brief History of Issue - why the issue is being considered:

In the past several years, it has become increasingly difficult to fill University Senate and University-wide committees. During the 2013-14 academic year, each Senate committee was asked to review its membership and functions and suggest changes that would improve its efficiency. Furthermore, the organization of committees in Part III - Article Four of the Faculty and Academic Staff Rules and Procedures makes it challenging to quickly access information about a committee’s membership and functions.

Points Discussed by Committee:

New language in the membership sections makes it clearer the size of the committee, the make-up of the committee, the terms of the members, and which members have voting rights on each committee.

Pros of Recommendation:

Language regarding committee membership is more consistent. The new organization will make it easier to locate information about Senate committees and University-wide committees.

Cons of Recommendation:

None presented.

Technology/Human Resource Impact:

Requires that the Faculty and Academic Staff Rules and Procedures be revised.

Committee Recommendation:

A. Change the membership language for University Senate and University-wide committees to clarify the membership of each committee to reflect the preferences of those committees.
B. Reorganize Part III - Article Four of the Faculty and Academic Staff Rules and Procedures
The University Senate Executive Committee,

by a vote of _11_ for and _0_ against on _October 7, 2014_.
