REPORT FOR THE UNIVERSITY SENATE

University Senate Committee: Academic Policies

Brief History of Issue - why the issue is being considered:

Due to budget cuts Information Systems is suspending two emphases within the comprehensive major (Information Systems- Business Analysis Comprehensive Major, code: 832-001 and Information Systems Business Analysis, code: 832-002) and renaming the major Comprehensive Major: Information Systems (this leaves the department with only one comprehensive major which requires a new code).

Note: Suspending the two majors does not require senate action but renaming the major does require passage through the university senate.

Points Discussed by Committee:

Pros of Recommendation:
Cleans up paperwork needed by the registrar’s office so they can assign a new code to the major. Note: the two emphases have already been suspended by the college in actions from the past academic year (2015/16)

Cons of Recommendation:

Technology/Human Resource Impact:

none
