Summer Geology Internship

Northern Industrial Sands is the premier, year-round miner and processor of Wisconsin northern white silica sand. Northern Industrial Sands offers the ultimate blend of experienced industry leaders, state-of-the-art mining technology, exceptional northern white sand and a solid supply chain.

We have a Summer internship program that will be focusing on the quality aspects of silica sand mining and processing. The candidate will work with the Quality Control Team, as well as with other processing personnel, in both the Wet Plant and Dry Plant environments. Northern Industrial Sands’ plants are in Barron County, WI, approximately 42 miles north of Eau Claire on good highways.

Key Responsibilities:

- Learn, understand and practice MSHA (Mine Safety and Health Administration) requirements as applied to the Barron County Plants.
- Work with our Quality Assurance team to ensure our sand meets all internal and external customer specifications.
- Assist with environmental and regulatory issues, if required (water and dust control).
- Assist with other projects, as assigned.

Internship Requirements:

- Must be at least 18 years old and majoring in Geology or a corresponding field at UW-Eau Claire.
- Must have a GPA of ≥3.0 and successfully completed Sedimentology and Stratigraphy.
- Approx. 40 hours per week between June 11, 2018 and Aug. 18, 2018. These dates are flexible, and an exception will be given to students enrolled in Field Camp II.
- Microsoft Office (MS Word and Excel)
- Excellent verbal and written communication skills.
- Punctual, trustworthy, and good work ethic.

Interested Students are asked to submit a cover letter and resume to Northern Industrial Sands, Attn: Larry McGlumphy via UW-Eau Claire’s Handshake job recruiting platform.

To access the Handshake recruiting platform at the UW-Eau Claire Career Services website, follow: [http://www.uweccareerservices.org/](http://www.uweccareerservices.org/)

Application Deadline: Friday, February 16, 2018

Northern Industrial Sands is an Equal Opportunity Employer.
