

Psychology, Liberal Arts, B.S.

The following is a hypothetical schedule, based on the 2019-2020 catalog. It assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, and no remedial courses that may be required. UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that will enable prepared students to fulfill their requirements in a timely period. This is just a guide. Please consult your advisor, your degree audit, and the catalog to create your personalized degree plan. Note: In order to complete their degrees in four years, students should plan to take 15 credits each semester or 30 credits each year.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like [Study Abroad](#), [Intercultural Immersion](#), [Internship](#), and/or [Student/Faculty Collaborative Research](#) into your time at UW-Eau Claire.

Internships: Students are encouraged to speak with an advisor to identify an internship experience that matches the student's interests. PSYC 498 (Internship in Psychology) credits can be arranged with the assistance of a faculty member.

Research: Students are encouraged to explore collaborative research experiences with Psychology faculty. PSYC 396 (Research Apprentice in Psychology) credits can be earned for this experience.

Student Academic Apprenticeships: Students have the option of serving as a Student Academic Apprentice for a course which they have previously completed and typically earned a B or better in. PSYC 397 (Student Academic Apprentice) credits can be earned for this experience.

Study Abroad and/or Immersion: Psychology majors may consider a Study Abroad or National Student Exchange experience (for 1-2 semesters), and/or shorter Immersion Trips. It is recommended that Psychology majors who plan to Study Abroad for an entire semester or more do so in their second year, though Study Abroad is still possible after the second year.

Course Suggestions:

^a Psyc 397 (Academic Apprentice in Psychology) would fit well in this semester.

^b PSYC 396 (Research Apprentice in Psychology) could be taken this semester. PSYC 396 can be taken for repeated credit as research experiences may last longer than a semester.

^c Many students who complete an internship do so in their fourth year. PSYC 498 (Internship in Psychology) credits could be earned during this semester.
