

Broadfield Social Studies, Dual-Concentration emphasis, History and Political Science B.A.

The following is a hypothetical schedule, based on the 2019-2020 catalog. It assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, and no remedial courses that may be required. UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that will enable prepared students to fulfill their requirements in a timely period. This is just a guide. Please consult your advisor, your degree audit, and the catalog to create your personalized degree plan. Note: In order to complete their degrees in four years, students should plan to take 15 credits each semester or 30 credits each year.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like [Study Abroad](#), [Intercultural Immersion](#), [Internship](#), and/or [Student/Faculty Collaborative Research](#) into your time at UW-Eau Claire.

Intercultural Immersion programs such as the Civil Rights Pilgrimage and the Somali Education Immersion are recommended for this program

We also highly recommend Study Abroad or a faculty-led immersion program, especially those that are tied to the history department, such as CETS: Central European Travel Seminar (Hist 327 and IDIS 340) or Public History in Great Britain (Hist 401). Both of these also involve upper division history credits which count toward the major.

Broadfield Social Studies students with an history emphasis pursue student-faculty collaborative research in Hist 489: Research Seminar. However, we encourage students to see their faculty advisors about research opportunities available earlier in the program.

NOTES

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.
