

Pre-Professional Health Sciences: Pre-Optometry

Pre-Professional programs help students prepare for entrance into professional degree programs. Pre-Professional programs are not academic majors or minors, rather these programs provide an organized approach to academic advising for students intending to apply to a professional degree program. To enhance academic planning and preparation, a student interested in obtaining a professional degree should work with a pre-professional adviser.

Pre-Professional Health Sciences programs offered at UW-Eau Claire include:

- Pre-Chiropractic
- Pre-Dentistry
- Pre-Medicine
- Pre-Occupational Therapy
- Pre-Optometry
- Pre-Pharmacy
- Pre-Physical Therapy
- Pre-Physician's Assistant
- Pre-Veterinary Medicine
