

Dear Blugold graduates,

Congratulations! Today we celebrate an achievement for which you've worked long and hard: You've earned your UW-Eau Claire degree!

Your commencement day also marks an important moment in Blugold history: You have the honor of being a member of UW-Eau Claire's 100th spring graduating class. At today's ceremony we officially launch our Centennial Celebration. Over the coming 12 months, we'll be celebrating 100 years of excellence at UW-Eau Claire!

From the first 186 students who attended the Eau Claire State Normal School in 1916 to our enrollment today of more than 10,400, we have grown to be a nationally ranked public regional university. We also have developed a widespread reputation for outstanding faculty and staff who are dedicated to providing students with the transformative learning experiences that make a Blugold degree — your degree — stand apart.

You can look to the future knowing there is real value in your UW-Eau Claire degree. UW-Eau Claire is proud to be one of just seven public universities in Wisconsin and Minnesota included in the 2015 Forbes Top Colleges list, a ranking based on universities' return on investment. UW-Eau Claire also ranked among the top Midwestern universities in Washington Monthly's 2015 "Best Bang for the Buck" rankings.

Also know that as you leave this great university, you join the ranks of our more than 82,000 Blugold alumni making a difference the world over, carrying The Power of AND into their workplaces and communities. Just look at the shining examples provided by our alumni award recipients being honored here today. The world will be a better place because of your skills AND wisdom, entrepreneurship AND integrity of spirit, strong work ethic AND inspiring creativity — all hallmarks of your UW-Eau Claire degree.

As we say in our mission statement (proudly printed on this page), UW-Eau Claire provides a "transformative liberal education." I challenge you to audaciously pursue your goals, knowing that your UW-Eau Claire degree has prepared you for all you aspire to achieve. And most of all, I wish you joy on your journey.

With all best wishes for a bright Blugold future,

James C. Schmidt | Chancellor
University of Wisconsin-Eau Claire

Mission Statement of the University

We foster in one another creativity, critical insight, empathy and intellectual courage, the hallmarks of a transformative liberal education and the foundation for active citizenship and lifelong inquiry.

HONORS PROGRAM

The Honors Program provides an extra measure of challenge and enrichment for students who are academically distinguished by previous and current achievements and by high levels of motivation and curiosity. The program seeks to challenge exceptionally able students to perform at the highest level of which they are capable, to enhance their capacity for critical inquiry and independent learning, and to develop their potential for leadership in their future vocations. The Honors Program has two components: University Honors and Departmental Honors. Students may complete one or both components. Students graduating with University Honors have attained a grade-point average of at least 3.5 and have

completed at least 24 University Honors credits. Graduates receiving University Honors are identified by a gold ribbon and medal.

In addition, 32 scholastic honor societies are recognized at the University of Wisconsin-Eau Claire. They exist primarily to recognize the attainment of scholarship of a superior quality and to confer distinction for high achievement in undergraduate, graduate and professional studies; in student leadership; and in various fields of research. Baccalaureate candidates who are members of scholastic honor societies are identified by silver cords.

ACADEMIC APPAREL

The academic apparel worn by the faculty and staff in the processional has its origins in the universities of the Middle Ages. Because the universities grew out of church schools, both faculty and students were regarded as part of the clergy and wore clerical clothing based on monastic dress.

The head covering developed from the skullcap worn to protect tonsured heads in cold weather. In the universities, the skullcap acquired a point on top, which gradually evolved into a tassel. In Europe the bonnet with tassel is still worn but has been replaced in America by the mortarboard cap or tam with tassel.

The style of the gown may have been borrowed from the Benedictine monk's habit. In the Middle Ages, those with bachelor's and master's

degrees could be distinguished by the simplicity or elaborateness of their gowns. The master's gowns were often furred, a decoration surviving as the three velvet bars now used on the sleeves of the doctoral gown.

The hood was originally worn over the head in bad weather and otherwise dropped onto the shoulders. First worn by faculty and students, the hood is now added to the apparel of those with master's, specialist in education and doctoral degrees. The color of the velvet trim on the hood indicates the scholarly field: for example, dark blue (philosophy), golden yellow (science), light blue (education), pink (music), apricot (nursing), drab (business), white (arts). The colors of the satin lining are those approved and authorized by the college or university from which the degree was earned.

UNIVERSITY MACE AND STAND

The University Mace represents the best of the University of Wisconsin-Eau Claire and epitomizes the collaborative spirit we value so highly. The mace includes wood from the original Council Oak tree and Kent State Memorial trees that was saved when the trees were replaced. The University Medallion was Dr. Susan Harrison's, which she received in honor of her 15 years of service as chair of the University Senate and commencement marshal. It was the vision of Dr. Harrison that the university have a mace to commemorate its centennial, so she worked collaboratively with university officials and the wood turners listed at right.

The product of their collaboration was presented to Chancellor James Schmidt on May 4, 2016. Henceforth the University Mace will be

displayed at commencements and other university ceremonies to symbolize the university's proud past and promising future. We are ever so grateful to Dr. Harrison's vision and the artists' hands that created this lasting symbol for a great university.

Mace and stand crafted by members of the Chippewa Valley Woodturners Guild:

Senior Class Gift

Each semester, graduating seniors have an opportunity to commemorate their graduation by making a gift to the UW-Eau Claire Foundation. This semester, more than 150 seniors joined our community of alumni and friends who support UW-Eau Claire each year.

Graduating seniors were encouraged to donate to any area of the university including academic departments; the Excellence Fund to support UW-Eau Claire's overall mission; or to the 1916 Centennial Sign fund to support a commemorative installation honoring UW-Eau Claire's Centennial anniversary, to name a few. By making a senior class gift, students are able to support current and future Blugolds even after they graduate.

The UW-Eau Claire Foundation thanks the following seniors for their generosity and for participating in the Senior Class Gift program. Senior class donors can be recognized wearing Blue and Gold Spirit Cords during the commencement ceremony. The following seniors* made a gift of at least \$20.16 to commemorate their graduation year and to support UW-Eau Claire:

Alumni Awards

Seven alumni are receiving awards from the UW-Eau Claire Alumni Association today, recognizing their professional and personal successes as well as their contributions to their alma mater, their communities and their professions. In these pages we introduce you to these distinguished Blugolds as they share their best advice with today's graduates and welcome them into the Blugold alumni family.

OUTSTANDING RECENT ALUMNUS AWARD

The Outstanding Recent Alumnus Award acknowledges the special achievements and great promise of alumni who are within 15 years of their graduation from UW-Eau Claire.

Hiep Nguyen '08
bachelor's degree in computer science

Hiep Nguyen, a native of Vietnam, attended UW-Eau Claire as an international student. His experiences living, learning and working in another country as an undergraduate, and later as a financial economics graduate student at the University of Oxford in England, have led to a successful international career in the financial industry.

Nguyen is director and investment analyst for Southeast Asia for Caravel Management LLC, a New York-based investment management firm focused on investing in frontier and emerging markets. He has been with Caravel Management since 2011, where he first was responsible for overseeing investments in the Vietnam market. During that time, Vietnam was Caravel's best performing country for three consecutive years. Nguyen now focuses on replicating Caravel's outstanding track record in Vietnam in other Southeast Asian markets like Thailand, Indonesia and the Philippines.

Before joining Caravel Management, Nguyen was a research analyst for Saigon Securities Inc. in Vietnam, where he did in-depth research on the telecommunications and gold and jewelry industries. He also worked previously

as an IT analyst for Marshfield Clinic, where he designed, developed and deployed real-time financial applications for the largest private group medical practice in Wisconsin.

Advice to new Blugold alumni:

"I recommend current and graduated students spend some time studying and/or working abroad. Life teaches us so much more besides what we get from school — and life in another country teaches us even more. Living in another country takes us out of our comfort zones, pushing us to the highest potential of who we are in order to live and succeed in new environments. And very often what we get from these times living abroad are lifetime lessons, joyful trips and relationships that we never forget.

"Also, regardless of the degree you earn, remember that hard work, passion and flexibility are musts after graduation. You might not find the right job after you have switched through several positions. This is very normal. But hard work and passion, not just intelligence, will ensure your success. I majored in computer science and started working as a programmer. However, now I am working successfully in the financial industry. I am thankful to UWEC for offering a very high-value liberal arts education that did not just prepare me for the first job, but also for the last one."

PRESIDENT'S AWARD

The President's Award recognizes outstanding professional and personal achievements and service to UW-Eau Claire.

Judge William Domina '82
bachelor's degree in business administration

A judicial clerkship with the Wisconsin Court of Appeals from 1985-87 gave Judge William Domina, then a recent University of Wisconsin Law School graduate, a firsthand look at the importance of the state judicial system. The experience led him to decide that one day he wanted to work as a judge in Wisconsin.

Following positions as a litigation associate for a Milwaukee law firm, principal assistant legal counsel for Waukesha County and then chief legal counsel for Milwaukee County, Domina was appointed by Governor Jim Doyle as circuit court judge in Waukesha County in 2010. He later was elected to the position in 2011.

As circuit court judge, Domina helped establish the Waukesha County Drug Treatment Court in response to rapidly rising heroin and opiate addiction problems and related criminal activity. The purpose of the Waukesha DTC, which facilitates treatment for adults who are nonviolent offenders, is to break the cycle of addiction. In addition to presiding over the DTC for three years, Domina

was the presiding judge over Waukesha County's Alcohol Treatment Court for two years. Domina also established the Waukesha County Juvenile Legal Clinic. In June 2015, he was named the State Bar of Wisconsin's Bench and Bar Committee Judge of the Year for his work with both the Waukesha DTC and Juvenile Legal Clinic.

A commitment to his community has been a priority for Domina outside of his career as well. His many volunteer leadership roles have included serving for 10 years on the Waukesha School Board and as a Governor Doyle appointee to the Wisconsin Tobacco Control Board, which was responsible for setting tobacco control policy for Wisconsin. He also has been very active in the professional bar associations for Wisconsin and Waukesha County lawyers.

Advice to new Blugold alumni:

"Be bold with your career! When I was graduating, I had no concept that I would have the opportunities that I have had during my over 30 years as a lawyer. I really had very limited vision. I wanted to pay my rent, buy a car and find a special person to spend my life with. Don't be afraid to try and risk failure. I have run for office eight times and failed three. Although painful, I have learned more about who I am and my priorities when I have failed than when I have succeeded. Be bold!"

Scott VanderSanden '87
bachelor's degree in finance

Scott VanderSanden has been president at AT&T Wisconsin since 2006. Before being appointed president, he held positions in the company's finance and central regulatory departments, followed by serving as the company's vice president of regulatory affairs.

As president of AT&T Wisconsin, VanderSanden worked closely with the Wisconsin State Legislature on Act 42, the video competition bill, which accelerated AT&T's successful entry into the Wisconsin video market. He also led AT&T's efforts to support the Telecommunications Modernization Act of 2011, the first major revision of the statutes regulating telecommunications

since 1994. Under his leadership, AT&T continues to expand its wireless network within Wisconsin.

VanderSanden received a master's degree in business administration from UW-Madison. He is a member of the board of directors for the Milwaukee Metropolitan Association of Commerce and is president of Competitive Wisconsin. He serves as a member of the UW-Eau Claire Chancellor's Council, which provides strategic leadership counsel to Chancellor James Schmidt, and he is a member of the UW-Madison School of Business Dean's Advisory Board. He has supported the Scott VanderSanden International Study Scholarship through the UW-Eau Claire Foundation since 2009.

Advice to new Blugold alumni:

"The most successful people I know have a very deep network of connections. Building and keeping connections will pay dividends as people go through life and career."

ALUMNI DISTINGUISHED ACHIEVEMENT AWARD

The Alumni Distinguished Achievement Award recognizes distinguished service to the community, state or nation in a manner that brings credit upon the recipient and the university.

Felix Cisneros Caballero '97
bachelor's degree in journalism

Felix Cisneros Caballero has been the senior press specialist in the diplomacy section of the U.S. Embassy in Managua, Nicaragua, since 2005. In that position, he monitors the news media on a daily basis and establishes contact with the Nicaraguan press corps, ensuring they are up to date

on the embassy's public positions. He also coordinates the selection, adaptation, targeting, distribution and placement of the embassy's print, audio and visual communications, and he maintains professional contacts with Nicaraguan officials at the highest level.

Prior to his position at the U.S. Embassy, Cisneros worked for 6½ years as a journalist in his native Nicaragua. He first was a journalist for Channel 2 in Managua, where he was producer of the evening newscast. He then was news director at Channel 12 in Managua, Nicaragua's national television station. He oversaw four daily newscasts, served as news anchor and directed a weekly show on which he interviewed presidents, prime ministers, and other top national officials, including U.S. Secretary of State Colin Powell during his 2003 visit to Nicaragua.

Cisneros also has a law degree from Universidad Politécnica de Nicaragua, where he teaches part time. He also volunteers with various organizations working with Nicaraguan youth, helping to promote education and sports among youth as a means to overcome social and economic challenges.

Advice to new Blugold alumni:

"Our values are often reflected in the way we live our lives. Our attitudes dictate how we react in concrete situations; they influence our choices and responses to challenges. Emotions, feelings, beliefs and inclination for action all impact our lives. All of these make up one's attitude. Live your life with faith, trust, hope, love and a positive attitude, and you will succeed in life."

John Hecht '80
bachelor's degree in accounting

John Hecht is an award-winning financial services executive with 33 years of experience in Wisconsin and Illinois. He is the Madison market president at Starion Financial, where he is responsible for leadership of the firm's business banking team and related services in the greater Madison area.

Hecht passed the CPA exam following his UW-Eau Claire graduation and began his career as an internal auditor for a bank in Wausau. After progressing through various positions there, he was recruited to AMCORE Financial in Illinois, where he began as corporate controller and was promoted to chief financial officer.

Moving back to Wisconsin, Hecht next was president and CEO for 7½ years at WPS Community Bank, a nationally recognized \$100 million start-up community bank in Madison. Hecht led the formation, organization and leadership of the start-up, a wholly owned subsidiary of WPS Health Insurance. In 2014 the Independent Community Bankers of America recognized WPS Community Bank as one of the top 100 industry U.S. loan producers. The bank earned the No. 3 ranking of the more than 250 banks in Wisconsin. In spring 2015, Starion Financial bought WPS Community Bank, which then took on Starion's name.

Hecht also serves or has served on the boards of several professional and non-profit organizations, including as treasurer of the Aldo Leopold Nature Center board and as president of the Monona Chamber of Commerce and of the board for the Madison chapter of Financial Executives International.

Advice to new Blugold alumni:

"Don't be afraid to take chances, and don't let fear dictate your career options. It's OK to make mistakes, but only if you learn from them and don't repeat history. You're only young once, so give yourself permission to follow your heart's desires and things that you are passionate about. It will never seem like work if you do."

"Thoughtfully consider the key values that you believe in and let these be your moral compass. Your character will be tested during your business career, and your ethics and integrity will serve as your foundation to help you always do the right thing."

"Finally, I cannot stress how much volunteerism has enhanced my life with valuable relationships and a sense of purpose. I encourage all graduates to give back to their communities in ways that align with personal passions and interests. You'll never regret it!"

LIFETIME EXCELLENCE AWARD

The Lifetime Excellence Award is presented to UW-Eau Claire alumni who have demonstrated longtime and successful commitment to their careers and communities. These individuals have made a positive and dramatic impact through enthusiastic dedication to service and living their lives as a testimony to UW-Eau Claire's motto, "Excellence."

Mary Jo Quinn '77
bachelor's degree in special education

Mary Jo Quinn has taken an unexpected track to becoming a successful investment attorney, with a theme of service to others remaining a constant along the way.

Her career began as one would expect following her UW-Eau Claire graduation with a special education degree, when for seven years she was a special education teacher at public schools in Loyal, Wisconsin, and Littleton, Colorado. She then decided to attend law school, hoping to eventually lobby for disability issues when working as an investment attorney. After receiving her juris doctor degree from the University of California Hastings College of the Law, she worked at firms in Washington, D.C., and Chicago for eight years before joining Allstate Insurance in 1996.

At Allstate, Quinn has held several leadership positions in various divisions. Now, as vice president and assistant general counsel in Allstate's Investments and Business Transactions Law Division, she leads a team of lawyers providing legal services to Allstate's portfolio of over \$80 billion.

Quinn also volunteers as Allstate's relationship manager with Cabrini Green Legal Aid. In that role, she organized the training of more than 65 Allstate lawyers to join her in volunteering with CGLA, which gives low-income clients a second chance through expungement and clemency. She arranged for donations of more than \$100,000 from Allstate to support the effort, and she has recruited other corporations to join them in their work.

Advice to new Blugold alumni:

"Everyone can give back. Find a cause that you are passionate about and help out!

"Also, something I wish I'd known: Be kind to yourself — be your best friend. Monitor your own internal chatter and say things only that you would say out loud about your best friend."

Charles Szews '78
bachelor's degree in accounting

Charles Szews retired in December after 20 years in leadership roles at Oshkosh Corporation, a global manufacturer and marketer of specialty vehicles and vehicle bodies. Szews served over time in the positions of executive vice president, chief financial officer, chief operating officer, company president and chief executive officer. He had served as Oshkosh's CEO for five years at the time of his retirement, and he had been a member of the company's board of directors since 2007.

Szews helped lead the growth of Oshkosh Corporation from an unprofitable company with \$400 million in sales and under \$75 million in market equity in 1996 to a global industrial company with sales over \$6 billion, strong margins and \$3 billion in market equity in 2015. The evolution of the Oshkosh Corporation culture under Szews' leadership resulted in the company being one of only 131 companies across 21 countries named by the Ethisphere Institute as a World's Most Ethical Company.

Highlights during Szews' career at Oshkosh Corporation included two major U.S. Defense Department contracts: (1) the Mine-Resistant Ambush Protected All-Terrain Vehicle (or M-ATV) in 2009, which saved thousands of American and coalition troop lives from mine blasts in Afghanistan; and (2) the Joint Light Tactical Vehicle (or JLTV) in 2015, which replaces the HMMWV (commonly known as the Humvee).

Before joining Oshkosh Corporation, Szews spent eight years with Fort Howard Corporation working in a series of positions, most recently as vice president and controller. He also received his certified public accountant certification in 1980 and has 10 years of independent auditing experience with Ernst & Young.

Advice to new Blugold alumni:

"I encourage graduates to give and forgive as a means to happiness. After all, giving is forgiving and forgiving is for giving. The more we give in every part of our life, the happier we will be, and people are more likely to forgive us if we are a giving person when we inevitably fail them. Similarly, forgiving frees us and the guilty party of a weight that destroys our happiness and holds us back from achieving the most with our talent and lives."

ALMA MATER

Melody by William Croft
Harmonized by George Frederick Handel

Words by Mark D'Amico
and William Oesterreich
Members of The Singing Statesmen, 1969

1. Oh School of Eau Claire, our voices we raise; Ac-cept thou this
2. Give hon-or to thee, and sing out thy name. Oh col-lege of

an-them of un-dy-ing praise. We pledge to be faith-ful, stout-
ours, we dear-ly ac-claim. In-still thou with-in us a

heart-ed and strong. And cher-ish thy mem-ry as our lives are long.
feel-ing of pride. We pray Al-ma Ma-ter for-ev-er a-bide.

The musical score is written in 3/4 time with a key signature of three flats (B-flat, E-flat, A-flat). It consists of three systems, each with a vocal line and a bass line. The first system includes two verses of lyrics. The second system has lyrics that continue from the first system. The third system concludes the piece with lyrics that continue from the second system. The bass line provides harmonic support for the vocal melody.
