Foundation, Inc.*

The images preserved by the Special Collections and Archives Department, McIntyre Library, UW-Eau Claire tell the story of the University. The images show the evolution of campus, from a single building when it first opened in 1916, to one that today spans over 300 acres with dozens of buildings. This book shares some of the most iconic images from UW-Eau Claire's history. Presented chronologically, the images in the book help us to understand the current University through the people, places, and events that shaped its past.
