

Spring semester, 2020

Greetings! The Department of Kinesiology at the University of Wisconsin-Eau Claire will once again be offering physical education classes in the spring of 2020 for children educated at home. Classes during spring semester will focus on team sports (invasion games such as soccer, basketball, flag football etc.), motor skill development, and health-related physical fitness. Students majoring in physical education and movement studies will be instructing the children under the direction of Dr. Oh.

Due to the focus of sport game strategy concept in this semester, ***we will only accept children who are 4 years old or older***. Depending on the number of registrants, children will most likely be separated into the following age groups when participating: 4-5 year olds, 6-9 year olds, and 10 year olds and older, (note: this is subject to change).
