Guardian Permission for Participation

The University of Wisconsin – Eau Claire P.R.I.D.E. program is a physical activity program for children with cognitive, sensory, and physical disabilities. P.R.I.D.E. is run by the Physical Education/ Adapted Physical Education Program and supervised by two faculty members of the program. Each child will receive individual instruction, attention, support, and encouragement from UWEC undergraduate students. As one might expect, there is some element of risk involved in any physical activity. Though the risk is greatly reduced with the use of safety equipment, supervision, and training, there remains the risk of injury during participation in P.R.I.D.E. activities. Therefore, it is necessary to get your permission to allow _____ to participate in P.R.I.D.E.

In signing this consent, you have thoroughly read this statement and understand the inherent risks of participation in P.R.I.D.E. activities.
