

Extending Into STEM: The Geospatial Education Initiative

STEM and GIS in Higher Education

This chapter describes a unique program at the University of Wisconsin-Eau Claire that has established innovative connections and strong interdisciplinary research projects between geography and traditional STEM departments. Members of the department of Geography and Anthropology are working to cultivate and promote the technology skills needed for today's student entering the geospatial workforce.

**Christina
Hupy**

Associate Professor
Geography and Anthropology

**Ryan
Weichelt**

Associate Professor
Geography and Anthropology

**Cyril
Wilson**

Assistant Professor
Geography and Anthropology

**Joseph
Hupy**

Associate Professor
Geography and Anthropology
