

# Music Department Auditions

Participation in the UW-Eau Claire Band program is open to interested and qualified UW-Eau Claire students regardless of major area of study. Membership in the Wind Symphony and Symphony Band is determined by audition: however, auditions are not required to participate in either the University Band or Blugold Marching Band. Audition information is available through each applied wind and percussion faculty member during the academic advising period, which is the week preceding the start of classes. Faculty members conduct auditions during the first week of classes. For specific audition information, (how to get audition materials and when auditions are held) contact the appropriate UW-Eau Claire applied wind and percussion faculty member in your performance area.
