Hello Educators!

I know you are busy with end of semester tasks, but please take a few moments to read the following!

The **Spring 2019 semester is the LAST time you can use D2L with students**. All educators are encouraged to start getting ready for Canvas, and we have the following options to help you.

Get D2L Courses Exported to Canvas

We hired several Transition Technicians, and they are ready to help you export your D2L courses!

If you have a **D2L course(s) you would like exported in its current state**, please complete the [Course Export Form](#). If you are still making changes to your course(s), submit the form later. **Submit one form per course to be exported**. After exporting a course, Transition Technicians will send you an email offering to help clean up your course.

We have funding for Transition Technicians only through this academic year, so **take advantage of this time-saving service now!**

Attend Finals Week or Winterim Canvas Sessions

Please attend if you have time. View the options on the [For Educators](#) page of the Canvas website for dates, times, and registration instructions. We will also offer sessions throughout the spring and summer.

D2L Course Combines

Please complete the [Course Request Form](#) if you'd like to merge two or more sections of your Winterim or Spring D2L courses. We are going to be very busy with Canvas help and would be thankful if you could submit your requests now.

FYI - in Canvas, you can combine your own courses and grad/undergrad and cross-listed courses are automatically combined.

Please let me know if you have any questions and have a spectacular end of the semester!

Tiffany
