January 24, 2019

Dear valued CHAASE Partner,

The 2019 UW-Eau Claire Health Care Administration program’s annual Spring Banquet “Partners & Progress: Developing Future Leaders” is scheduled for April 25, 2019. There are several opportunities to ensure this year’s banquet is a valuable experience for everyone involved.

The Spring Banquet is the biggest event hosted by the ACHCA Student Chapter, the UW-Eau Claire Health Care Administration program, and CHAASE. We depend on the support of attendees and sponsors to continue to provide the high-quality program that we are known for across the country. Event sponsorship offers many benefits to all involved, and they are outlined in the attached document.

We will be holding the annual Practicum Open House at the Florian Gardens just prior to the banquet at 5:00pm. As the number of students and partners in the Health Care Administration program continues to rise, we are seeking ways to give greater visibility to practicum sites and organizations in the health care field. Similar to a career or internship fair, this event allows current students to become familiar with the practicum sites and organizations that will be available to them during their final year as students. Each participating organization will be provided a table and is encouraged to bring promotional marketing material to display. In addition to having a table at the Practicum Open House, we’ve added an additional opportunity to interview our graduating students as part of our Gold or Platinum Sponsorship benefits. We will arrange and provide space for you to interview up to ten (10) of our students, based on your interest and our students’ interests.

We hope that you will consider sponsoring the 2019 Spring Banquet and CHAASE Open House. Please contact us at 715-836-2736, or email Libby Fandry, CHAASE Coordinator, at fandrye@uwec.edu or myself at olsondou@uwec.edu for more information.

Thank you for your ongoing interest and support.

Sincerely,

Douglas Olson, PhD, MBA, NHA
Professor and Director
Center for Health Administration and Aging Services Excellence
