Section C: Complete if you wish to pursue loan eligibility at UW-Eau Claire

My physician has completed the reverse side of this form. By signing below, I understand that I am aware that my new Federal student loan cannot be later canceled on the basis of any present impairment unless that condition substantially deteriorates to the extent that the definition of total and permanent disability is again met. I further understand that if I am within the three-year provisional period for disability cancellation of prior loan, I must resume payment on that loan.

PHYSICIAN STATEMENT

Required if student signature is present in Section C on reverse side of this form.

The student listed on the reverse side of this form is currently attending UW-Eau Claire and has applied for federal student loans. This student has prior federal loans that were discharged due to total and permanent disability. At that time a physician would have authorized this student was incapable of sustaining employment sufficient to pay off the loan debt she or he had incurred. Now the student is applying for a new loan. Before UW-Eau Claire can award a new federal loan, this student is required to submit a statement from their attending physician certifying they are capable of sustaining employment, both now and in the future, that will enable them to repay either current or future outstanding student loans. You will be further certifying that this student has the ability to resume payment on any federal loan that was discharged due to disability in the past three years.

Physician information (please print or type):

Name Telephone

Specialty License Number(s)

Office Address

City State Zip

I certify that the student identified on the reverse side of this form has a disability condition that has improved and that the student 1) has the ability to engage in substantial gainful activity or 2) can attend school. I understand that this student’s new federal loan cannot be later canceled on the basis of any present impairment unless that condition substantially deteriorates to the extent that the definition of total and permanent disability is again met. Also, if the student is within the three-year provisional period for disability cancellation of a prior loan, I understand that they must resume payment on that loan.
