Invasive Species Tour

Community Education Event

LCIP and Beaver Creek Reserve invites you on a tour of common invasive plants of West Central Wisconsin hosted by the Friends of Putnam Park.

- We will tour Putnam Park and UWEC campus to see 19 terrestrial and many aquatic invasive species infesting our communities
- We will stop and get out to learn about identification, history, control and discuss next steps of future projects to slow their spread

Our mission is to control invasive plants by fostering partner cooperation and community action.

Date: Wednesday, July 24, 2019 **THIS IS A FREE DRIVING TOUR EVENT**

Where: Meet at the Phillips Parking Lot on UWEC campus to start

Time: 9:00 AM — 11:30 AM

Contact: (715) 539-2766 or lcipchris@gmail.com **PLEASE RSVP**
