To: Rename: Music, Teaching All – Instrumental Emphasis, Comprehensive Major

Rationale: Our license requirements through the Wisconsin Department of Public Instruction (DPI) changed in August 2018. The university is now required to train future music teachers in all areas (Choral, Instrumental, and General) in preparation for a PK – 12 Music license in all areas. In the past, future teachers were trained in choral or instrumental areas. Now with the DPI legislative rule changes, we will continue to have future music teachers choose an emphasis, but we need to reflect in the name of their major that they will be eligible for a teaching license in “all” areas: choral, instrumental and general. Even though students will be licensed in all areas, students will still be able to pursue the instrumental emphasis to show their specialty area.
