The Latest Developments!

U of M CVM Pre-Veterinary Student Visit Day—Saturday, April 4

The University of Minnesota College of Veterinary Medicine (U of M CVM) is hosting their annual Pre-Veterinary Student Visit Day for prospective students interested in the Doctor of Veterinary Medicine degree program. Attendees will explore the educational opportunities at the U of M CVM and learn about the veterinary profession, the D.V.M. program and curriculum, admission, and student life. This event is free of charge and open to all students, pre-veterinary / pre-health clubs and communities, and advisers. Advanced registration is required as space is limited. The event is subject to change with ever changing developments of the COVID-19 outbreak. If you have registered, you will be directly notified if there is a change.

Grand Rounds Education and Training at Mayo Health System

Want to learn more about medicine? Here is an opportunity for Pre-Health Students!

Grand Rounds presentations will be held at 7 a.m., in the Luther Campus Auditorium. A light breakfast is available.

March 20 – Academic Grand Rounds
“5 Things about Penicillin Allergy You Didn’t Learn in Training”
Speakers: Adela Taylor, M.D., Instructor of Medicine, Div. Chair Allergy & Asthma

COVID-19 and the impact on Campus

Due to the recent announcement from the Chancellor regarding events on campus, the Health Professions School Fair scheduled for March 31 has been cancelled. We hope to reschedule for sometime in the Fall semester.

Marshfield Shadowing Program

In addition, Marshfield Clinic has announced they will be suspending Spring version of the Marshfield Shadowing program.

MedEx applications will be accepted starting on March 30

We will be accepting applications for the MedEx Summer program starting on March 30-April 30. Students should be aware, the actual observation will take place when Mayo Clinic has lifted the suspension currently in place due to the COVID-19 outbreak. The application will be available in our next newsletter, by email, and always from our HCC website.

Peer Advising remains available through Campus Changes!

If you need any assistance from Caterra and Tiffany, our peer advisors, they are available in Scofield 30 during the following times:

- Monday — 5:10-9:45 am & 11:30-3:30 pm
- Tuesday — 11:12:30 pm
- Wednesday — 2:4-3:30 pm
- Thursday — 11-1:4 pm

Or email them at: BioPeerAdvising@uwec.edu

They can answer questions about class selection, choice of majors, registration and more!

Opportunities

Scribe Positions Available!
Are you interested in gaining valuable medical experience working directly with physicians? Scribe America is hiring students who have an interest in the medical field! We have multiple sites in Eau Claire, including Emergency and outpatient.

We offer the following:
- Flexible, part-time hours for students
- Paid clinical and classroom training
- Opportunity to work and develop relationships with providers in the Eau Claire area
- In-room observations of patient-provider interactions
- Room for advancement, and so much more!
We have helped many students gain clinical hours and build relationships for future opportunities, including medical school!
Apply today by going to www.scribeamerica.com/apply

AmeriCorps Opportunities
Scenic Bluffs Community Health Centers is looking for two AmeriCorps members to serve at our Health Center:

AmeriCorps - Community Wellness Specialist
AmeriCorps - Quality Improvement/Dental Programming Coordinator

What makes an AmeriCorps position different from other positions at the Health Center:

AmeriCorps members serve at our organization between September 1, 2020 – August 31, 2021 through the Wisconsin Health Corps
Members agree to serve 1700 hours during their term of service
Member receive a modest bi-weekly living allowance to cover basic expenses
Once 1700 hours are completed, the member receives an educational award of approximately $6,195 to go toward student loans or continuing education
Additional questions you may have about the AmeriCorps program please visit www.americorps.gov
If you would like to know more about how the AmeriCorps program is run in conjunction with Wisconsin Primary Health Care Associate and the Wisconsin Public Health Association please visit www.wihealthcorps.wordpress.com
Applicants are encouraged to apply through our webpage www.scenicbluffs.org/careers.

Human Nature Film-Woodland Theater-April 21

The Health Careers Center and Mayo Health Systems are joining together to bring you the film. A breakthrough called CRISPR has given us unprecedented control over the basic building blocks of life. It opens the door to curing diseases, reshaping the biosphere, and design our own children. Human Nature is a provocative exploration of CRISPR’s far-reaching implications, through the eyes of the scientists who discovered it, the families it’s affecting, and the bioengineers who are testing its limits. How will this new power change our relationship with nature? What will it mean for human evolution? To begin to answer these questions we must look back billion of years and peer into an uncertain future.

New Additions to our Library

Gre’ is an additional DAT.
