Things to connect on with your future roommate

The upside of small-space living with a roommate is sharing major appliances (roommate assignments are sent in June). Talk it over and figure out who’s bringing what to share!

- **Carpeting** — area rug, carpet squares or remnant carpet (12’ x 15’ is recommended)
  - **Bonus:** Some halls have carpeting!
- **Furniture** — 76” long with arms or 80” long without arms to fit under lofted bed (the usual go-to is a futon)
  - **Bonus:** Submit your online loft request form to have furniture available in Putnam, Sutherland, Thomas and Towers.
- **Microwave** (900 watt or less is recommended)
- **DVD player**
- **TV**
- **Telephone** (if you want an old-school landline in your room, an additional fee is required)
- **Mini-fridge** (any dorm size)
  - **Bonus:** You can rent one and support your hall council at collegeproducts.com/uwec.

Here’s what **every dorm has two of** for you and your roommate:

- Chairs
- Desks with study lights
- Dressers
- Mattresses and bed frames
- Mattress pads (upon request in some halls)
- Wastebaskets

**Leave these behind**

These items are fire hazards and not allowed in halls. General rule of thumb: Any item with an open heating element and most appliances used for cooking purposes (except microwaves) make this list.

- Air conditioner (including portable)
- Candles
- Deep fryer
- Electric blanket
- Electric candle warmer
- Electric griddle
- Electric mattress pad
- Electric skillet
- Electric wok
- Fondue pot
- Fry Daddy
- George Foreman grill
- Halogen lights
- Halogen make-up mirror
- Incense
- Indoor/outdoor grill
- Lava/oil lamps
- Pizza oven
- Potpourri simmer pot
- Rice cooker
- Roaster oven
- Sandwich maker
- Slowcooker/crock pot
- Toaster
- Toaster oven
- Waffle maker
- Wax warmers

**Move-in day tips**

**Packing up**

- Pack your vehicle the night before move-in day.
- Pack your things in easy-to-transport containers, like plastic bins or boxes. Try to keep boxes at a manageable weight to avoid injury and soreness.
- If you have one, bring a dolly or moving cart. They come in handy when moving.
- Remember to bring tools to help while moving in, like a carpet knife, carpet tape, duct tape, etc.

**Morning of your day**

- Plan for extra travel time, just in case. To keep the day running smoothly, it’s important to get there at your scheduled time.
- Eat a healthy breakfast and bring granola bars to snack on. Moving in can take a while, and carrying boxes is no fun on an empty stomach.
- Wear comfortable shoes and clothes.
- Grab some cash in case you get thirsty while moving. Water and soda are available for purchase at the front desk in select halls.

**Moving in**

- Keep an eye out for parking rules and postings to help find where you need to be.
- Check in at your hall’s front desk and get your room access.
- On move-in day, elevators are limited and available only in select halls. Be prepared to use the stairs!
- Housing is here to help! There will be Housing personnel on site to help, and student moving helpers — aka Hall Raisers — will be your best friends on move-in day.
- Look for Chancellor Jim on move-in day, and follow him on Twitter (@ChancellorJim)!

**Safety dos and don’ts of living on your own**

Do …

- Do keep your door locked if you and your roommate aren’t home.
- Do store sensitive information and valuables in a safe or a locked drawer.
- Do tape down electrical cords out of foot’s reach. Tripping isn’t fun, and it’s even less fun if your TV or microwave falls with you.
- Do carry your Blugold Card (student ID) with you — everywhere. You will need it to access select residence halls and academic buildings, use your meal plan, borrow materials from the library and so much more!

Don’t …

- Don’t abandon your stuff, particularly your laptop. If you need to step away for a few minutes, make sure a friend is there to watch it.
- Don’t overload your electrical outlets or power strips, and never plug a power strip into another power strip. A great rule of thumb is if it feels hot, unplug it.
- Don’t microwave metal or anything that’s not microwave-safe.
- Don’t give your dorm combination code to other people. That way you won’t get unexpected guests, whether you’re home or not.
