ADVISING TIPS

- If you intend to graduate in four years, you need to take a **minimum of 15 credits every semester.**

- **Try to take courses from all areas of your degree each semester**—(1) University/Liberal Education (LE), (2) English major, and (3) minor/certificate program—each semester; do NOT work to finish all your LE courses first.
- Complete your Foreign Language/Foreign Culture requirement early.
- Consider tutoring in the Center for Writing Excellence (Engl 397), being an Academic Apprentice (Engl 394), and/or a Writing Internship (Engl 498): all are great ways to obtain professional experience, enhance your communication skills, fulfill your service learning, and build your resume.
- Use your Planner in CampS to plot out a four-year graduation plan.

Sample 4 year Degree Plan

English, Liberal Arts, B.A., Rhetorics of Science, Technology & Culture

The following is a hypothetical schedule based on the 2016-2017 Catalog. It assumes no transferred credits, no requirements waived by placement tests, and no courses taken in the summer. The English Department cannot guarantee that all courses will be offered as shown, but it will provide a range of courses that will enable prepared students to fulfill their requirements in a four-year period. Please see English Department advising handouts (available in the department and on the website) for more details.

The “minor/certificate” and “elective” courses in the schedule are placeholders. Each minor or certificate program has its own requirements beyond the number of credits, and it is the student’s responsibility to investigate and be sure to have fulfilled those requirements.
