Course List

Note 1: A 2.00 or higher GPA in courses counting toward the minor is required.

Note 2: We recommend students complete [IS 304](#) prior to taking either CS programming course.

2. Change to: (Show revised course catalog copy. Format insertions as bold underline)

No reference in undergraduate catalog.

3. Itemize and explain changes shown above

- Due to staffing issues the courses for this minor have not been offered in a long time. The department wishes to suspend—rather than eliminate—the minor, in the event that increased staffing is available.
- Students continue to try to pursue this non-existent minor. We need to ensure accuracy between what the undergraduate catalog says we offer and what we really offer.
