As a result of the UW System Coronavirus (COVID-19) Interim Policy (see UW System COVID-19 Interim Policy Resources) and the local health department orders in place regarding physical distancing and size of gatherings, all Student Organization activities and events will be modified and potentially suspended for the Spring 2021 semester. Each event request and registration will be reviewed by University of Wisconsin–Eau Claire Event Services staff to identify questions or possible conflicts with UW System’s plan and the local health department orders. Room capacity and availability will be limited and restricted due to physical distancing and sanitization requirements. We are providing guidance and resources to help students and Student Organizations engage and build community and a sense of belonging while still observing the requirements of our community standards and social contact. Listed below are some resources and specific examples of activities and events that should be modified and potentially suspended for the Spring 2021 semester. This document is an addendum to the current UW–Eau Claire policies, procedures, and student organizations handbook. Here is a link to the UW-Eau Claire COVID-19 Informational Plan and a link to the Student Organizations Handbook for your reference.

STUDENT ORGANIZATION RECRUITMENT FAIRS & OTHER RECRUITMENT STRATEGIES

1. Blu’s Organizations Bash (BOB) will transition to a direct e-mail campaign for the Spring 2021 semester.
2. A direct student organization e-mail campaign will be distributed to all currently enrolled UWEC students starting the second week of the Spring 2021 semester. Student organization opportunity information will be sent out to all students via email, social media outlets, websites, and Blugold Connect.
3. Create a Zoom Meet & Greet room! You can also use the “breakout room” feature to split attendees into smaller group conversations.
4. Socials/Hangouts – Use Zoom to hang-out with your members/potential members. Chat, watch a movie together, show each other where you are staying.
5. TikTok videos and YouTube videos (YouTube videos can be uploaded into your organizations’ Blugold Connect portal information) – are also great ways to showcase your student organization!

KEEPING YOUR MEMBERSHIP ENGAGED

Just because you are not meeting in person does not mean you cannot keep team morale up! You can absolutely plan virtual icebreakers and teambuilders for your organizations and other engagement opportunities for your members. Following are just a couple ideas:

a) Instagram Takeovers - Assign an officer or member a day of the week to take over the organization’s account and re-cap “A day in the life of ______”

b) TikTok - Make a fun video and challenge other organizations to do the same.

c) General Q & A - Use social media to allow others to learn more about your organization and how to get/stay involved.

d) Story Telling - Share pictures and videos letting others know what you did and accomplished this past year. Share stories of your officers, members, and advisors!

e) Virtual Icebreakers

VIRTUAL ELECTION OPTIONS

Blugold Connect (hosted by Presence) has functionality that will allow you to virtually host your elections. Please see the instructions below:

1. Create a form within your organizations’ Blugold Connect portal to list each candidate. Then host a Zoom meeting where candidates give their speeches and/or answer questions. Group members can vote in the election form after the meeting.
2. Ask each candidate to write a statement explaining their platform and answering any questions about their candidacy. Written statements can be sent to the person in charge of elections, who will copy and paste or attach each statement into the Blugold Connect Election form that you created. Group members can read the speeches and vote right in the form! For more details visit: https://www.presence.io/solutions/run-manage-campus-elections/.
3. You can also hold your elections via Zoom. Coordinate times for folks to speak their platform, offer Q&A time, etc. Use Blugold Connect for voting!
4. As a student at UW-Eau Claire, you have access to Qualtrics through LTS. In this system, you can build a ballot, ensure members can only vote once, and the site automatically tabulates your results for you. For more information on setting this up click here.
5. Another option would be to use Google to create a form you can send to your members to vote electronically. Click here for a tutorial. It will be important that you conduct organization business such as new officers this fall so your organization can remain in good standing with the University and the Annual Student Organization Renewal requirements.

6. Masks/face coverings are required for face to face participation unless there is a documented medical accommodation on file with UW-Eau Claire Student Health Service.

7. Help students understand the importance of wearing a face covering and physically distancing themselves when that is not possible.

8. Help students understand that some people cannot wear face coverings and should have virtual opportunities to participate.

9. Help students make thoughtful decisions about how to ask members or guests to wear a face covering.

10. Help them think of ways to include members or guests that cannot wear a face covering or wish to participate virtually.
