Elimination

2021-2022

The Department of Public Instruction has eliminated this minor with this current grade range of EA-A (grades 5-12), so we will no longer offer it. The new grade level range for Teaching English as a Second Language is K-12. Those students who have declared the current minor will be able to complete the minor and be eligible for certification. The Department of Education for Equity and Justice has carefully created a plan for students to complete their minor and certification prior to the elimination of this license by DPI.
