3. Discuss Department LE Review Process  
   ▪ ULEC developed a process by which courses approved for LE are reviewed to insure they are continuing to meet the outcomes, which is tied into program reviews. When a department undergoes their program review, they submit a document indicating the LE courses approved for their department which is what ULEC uses for our review. If the courses aren’t meeting the outcomes, ULEC will work with the department to edit the proposal so it meets the LE outcome as described. Kris, Jennifer, and Alex will divide the courses up for review this year (Biology, Special Education and Inclusive Practices, and Education Studies).
