

Sample 4 year Degree Plan 2016-17 Catalog

Note: This is just a guide; please consult with your academic advisor, the *Catalog*, and your degree audit for specific requirements.

Economics, Teaching, B.S.

The following is a hypothetical schedule for a Bachelor of Science degree for an Economics, Teaching major. It assumes no transferred credits, no requirements waived by placement tests, and no courses taken in the summer. The Department of Economics will provide a range of courses that will enable prepared students to fulfill their requirements in a four-year period.

The “minor elective” courses below are placeholders. Each minor has its own requirements beyond the number of credits, and it is the student’s responsibility to investigate those and to be sure to have fulfilled those requirements.
