“Leadership Impact from Life Experiences”

Join us for a dialogue with Dr. Sunem Beaton-Garcia, to hear about her path from immigrant to President of Chippewa Valley Technical College. Learn how she has drawn from her experiences to successfully lead teams and serve her constituents. Beaton-Garcia’s commitment to fostering a strong culture of learning is shaped by her childhood journey and exposure to a diverse cross-section of individuals throughout her career. These deep roots allow her to hear, feel, and understand the needs of learners to foster a culture of learning. Discover how these experiences have driven her passion for education, contributed to her leadership accomplishments, and the impact they will play in her new role at CVTC to build upon priorities surrounding diversity, equity, and inclusion.

*This event is open for all students, faculty, staff, and community members.

Please join us at UWEC in Centennial Hall, Room 1614. Masks are required indoors.

To attend virtually, follow the link provided below.
